Parish Outreach Survey

At St.Peter's, we believe that volunteering our time is an important component of Stewardship. Many parishioners already volunteer in the community; others are interested in volunteer opportunities. As we look to expand outreach opportunities, we want to know more about where parishioners currently volunteer their time.

Please help us by taking a few minutes to tell us about your volunteer activities by completing the form below. We are interested in activities sponsored by St. Peter's as well as those which aren't. In a few weeks we will report our findings.
